

INTRODUCTION

If you're looking for someone who can follow orders to the T and doesn't like to rock the boat, I'm probably not the right candidate. But if you need someone who can dig into root cause, see what's working and what's not, and challenge the status quo, **let's talk.**

Over the last 15 years, I've built my career on one simple principle: Work smarter. I'm the person who looks for inefficient procedures, finds ways to streamline them, and consistently strives to boost the productivity of everyone around me, and it's what I know I can do as your **TUTOR**
